Dear MESA Family Members,

It is with great pride and excitement that I write this letter of introduction to you as the newly appointed Principal of MESA. I am honored to have the opportunity to lead a school with such a rich tradition of education! I have been dedicated to the field of education for many years. I have worked with a variety of students' ranging in age from Kindergarten through and including high school. I am excited and eager to bring my skills as an educational leader to Milwaukee Environmental Sciences Academy and work with you as a partner in education to ensure your child's success.

Along with the teachers and staff, I will work hard to continue the legacy of success established by MESA by building strong relationships with parents, students and community partners. We will focus on character education initiatives, Common Core skills, the use of data to drive instruction, and to provide consistent implementation of the curriculum in a rigorous manner so that we can continue to increase the achievements of every MESA scholar.

All of us at MESA are eager and excited to begin what promises to be the best year ever. This year is going to be amazing as we continue to provide academic experiences for our students that are rigorous, relevant, and help them build relationships while making real-world connections.

As your Principal, it is important to me that everyone who steps through our doors including teachers, students, and parents are excited to be here! This attitude enables us to meet the challenges of academic excellence in a positive, fun, and nurturing environment. My door is always open, and I welcome your input. Please feel free to call or email me to discuss any concerns you might have throughout the school year.

I look forward to working with you as a team to help each scholar meet their goals and have a successful school year! We are working on a safe and healthy re-entry plan for our scholars, staff, families and community.

Best Regards,
Ms. J. Colvin
