## We are looking for a Youth Advocate

The purpose of the Youth Advocate position is to provide support to students that is focused on reducing disproportionality, promoting school safety, and positively impacting school culture and climate. Developing and maintaining healthy relationships with student, families, and school staff are vital to one's individual success in this position.

Principal responsibilities include providing support at the building level to identified students, including monitoring students' academic and behavior performance, assisting in data collection, and providing regular feedback to school leadership.

### EDUCATION AND EXPERIENCE:

- High school diploma.
- College credit in education, counseling, or social work preferred.
- Additional coursework in equity, diversity, social justice, and positive behavior strategies is a plus.
- Experience working with youth in a supportive or supervisory capacity.
