

Dear Milwaukee Environmental Science Academy Parents and Community,

I am Mr. Demetrius Moore, your new Dean of Family Engagement. It is exciting to be a part of the M.E.S.A. family, and I look forward to using my passion and experience to enhance my role.

I have 13+ years of experience in the youth education system. Across the length of my career, I've developed trust and rapport while also proving to be a well-qualified professional who has grown into an expert in effective leadership, team-building initiatives, driving educational achievement, and promoting academic success.

Possessing resilient leadership skills and a charismatic personality continues to assist me in building an inviting and engaging school culture with parents, students, and staff. My mission will always be to help every student feel welcomed and connected as a vital member of our M.E.S.A family. I strive to challenge each student to grow and foster their academic abilities.

I am proud and honored to serve as the Dean of Family Engagement. It is truly a privilege to be an integral part of a community where parents, students, and staff have built caring and positive relationships that support academics and social growth.

A prosperous school year is ahead! I am eagerly anticipating meeting and working with each one of you. Please do not hesitate to contact me with any questions, comments, or concerns at [dmoore@mke-es.org](mailto:dmoore@mke-es.org).

Sincerely,

Mr. Demetrius Moore
