

Dear MESA Families,

I want to thank all our scholars and families who have been working to improve attendance. Your efforts are paying off and our attendance is up!

When the weather changes it can bring challenges for getting to school everyday. Rain, snow, wind and cold temperatures can make it hard to get your children to school. So can illnesses such as colds and flu.

All absences, even if re excused, break the routine of daily attendance that helps scholars feel connected and engaged in learning. We'd like to offer some tips to help your child(ren) healthy and in school during bad weather times.

Stay Warm

- Make sure children come to school with boots, coats, snow pants, caps and mittens even if they are dropped off by car. This way, children are prepared for recess or emergencies.
- Dress children in layers- with undershirts, t-shirt, long sleeves and a sweater or sweatshirt. Several light layers are warmer than one thick layer.
- If you need clothing for your child, talk to the school social worker or parent coordinator.

Stay Healthy

- Help avoid colds and flu by teaching children to wash their hands when they come home from school after using the restroom, and before and after eating.
- Teach children to avoid sharing cups, utensils, and food with others.
- Encourage health habits such as getting enough sleep, eating healthy foods, drinking water, and getting exercise.
- Ensure that children's vaccines for chickenpox, flu, and childhood illness are up to date.

Stay Connected

- Have a backup plan to get to school, ask a friend, relative, or neighbor for help.
- Make sure the school has your correct contact information so they can reach you quickly in an emergency.
- If your child is sick and will stay home from school, be sure to call the school office and report the absence.
- If your child needs to stay home for several days or longer, contact your child's teacher about the best way to keep up with school work.

We are here to support your family. If you have questions or in need of help, please contact Ms. Hughes, our parent coordinator, or our school social worker at 414 353-3830.

Thank you for partnering with us

Yours Sincerely,

Janet Colvin, Principal
